PROFESSIONAL SUMMARY

Passionate Machine Learning with Python Developer specializing in data analysis and predictive modeling. Experienced in building full-stack AI solutions using React.js and Flask. Dedicated to extracting high-value insights from complex datasets and creating user-friendly interfaces for advanced technological systems.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS3

Data & AI: TensorFlow, PyTorch, scikit-learn, Machine Learning, Predictive Modeling, NLP

Web Development: React.js, Next.js, Node.js, Flask, D3.js, Tailwind CSS

Databases: PostgreSQL, MongoDB, Firebase

Tools & Cloud: Google Colab, VS Code, AWS, GCP, Mapbox, Twilio APIs, Git

PROJECTS

GCTA-System – Gujarat Coastal Threat Alert System | [GitHub](#) *Aug 2024 – Present*

React.js, Next.js, Flask, TensorFlow, Mapbox, PostgreSQL, AWS

- Developed a real-time early-warning platform addressing coastal threats like cyclones and illegal pollution dumping.
- Integrated AI models for location-specific risk assessment, reducing response latency for critical alerts.
- Built a responsive visualization dashboard using D3.js and Mapbox, serving real-time spatial data to users.

AI Health Risk Predictor | [GitHub](#) *Jan 2024 – June 2024*

Python, scikit-learn, Flask, React.js, Data Visualization

- Engineered an intelligent diagnostic system to predict risks for diabetes and heart disease with high accuracy.
- Implemented personalized recommendation logic for preventive health measures based on user biometric data.
- Designed an interactive dashboard for users to track health trends and early symptoms visually.

EDUCATION

Diploma in Information Technology *2023 – 2026*

Gujarat Technological University (Government Polytechnic Kheda), Ahmedabad *Expected 2026*

Certification: Machine Learning with Python – TOPS Technologies (2025)

CERTIFICATIONS & ACHIEVEMENTS

- **Winner/Finalist – NICE 25:** National Inter-College Crossword Expedition West Zone Finalist.
- **IBM SkillsBuild:** Completed 4-week Project-based Certification in AI & Full Stack development.
- **AWS & Google Tools:** Certifications in Generative AI (Skill Nation) and IT for Business (HP LIFE).
- **Technical Certifications:** Cyber Security & AI Ready Full Stack (TOPS), Python Zero to Hero (DevTown).
- **Competitive Learning:** Ranked in Elite Coders Quizzes for DSA (Python) and Machine Learning.
